Rolling Plan for Palestinian Authority

Basic Policy of Assistance Peace-building through promotion of social and economic independence

Priority Area 1	Stability and betterment of people's livelihood											
	[Background and cu In the Palestinian te Their normal social the mobility of peopl Consequently, the w Strip where the hum under the prolonged July-August 2014 st hope for peace-build promoting the peace	[Strategy] Japan will provide assistance to stabilize the livelihood of the Palestinian people in order to ensure their support for the peace process through showing them concrete benefits from peace. For instance, in addition to the emergency humanitarian aid for the conflict victims, women and children who are the most vulnerable in the community, it is important to actively work on the assistance for developing basic infrastructure in the field of water and wastewater, health and education sectors and contributing to human security by protecting t vulnerable people, as well as to continue the assistance for the income generation in the Palestinian territories. Also, in the field of health and education, the assistance will take into consideration the Japanese new assistance policies in those sectors (especially, Japan's Global Health Policy 2011-2015).								enefits from nflict victims, rtant to actively and by protecting the ation in the e will take into
